WE NOMINATE

Arthur Nesbitt Curtiss, one of the senior executives within the David Samoff Research Center of the Radio Corporation of America and nationally recognized for his effective direction of research and development programs, who within the span of some four years has become a catalytic force in Princeton Area affairs. In three major sectors — the Greater Princeton Chamber of Commerce and Civic Council, the Princeton United Community Fund, and the Boy Scouts of America — this 59-year old engineer with a passion for "getting things done on time" is concerned with strengthening his adopted community.

As president of the "Princeton Chamber", possibly a unique chamber-of-commerce organization which places as much stress on its functions as Civic Council as it does upon "facilitating the growth of existing businesses and fostering new ones", Curtiss, a native of Buffalo, N. Y., is making an articulate 29-member Board of Directors ponder Princeton's future. At meetings this month, with the endorsement of his Executive Committee, Curtiss has submitted for deliberation (and approval) a 16-point statement of purpose embracing such essentials as "regional planning including master plans and zoning codes," "regional traffic, parking and safety problems," and "more cooperation between business, government and education."

To his other areas of concentration as a citizen-volunteer Curtiss, this week rounding out his 39th year of service with RCA, brings the same intensity and spirit with which he is endowing the "Chamber's" study of its development. In the upcoming fall, as a Trustee of the United Fund, he will again be identified with the Industrial Committee, a key factor in the success of the Princeton-wide campaign, while in

his triple capacity with the George Washington Council of the Boy Scouts (Vice President, a member of the Board of Directors, and Chairman of the Finance Committee) he is blueprinting plans that will enable the Scouts to keep pace with a skyrocketing population.

Manager, Administration, of RCA Laboratories, the pivotal post coordinating the supporting services for the 1,400-member Samoff Center, Curtiss was promoted "back East" in 1961 from the West Coast Missile and Surface Radar Division, RCA Defense Electronic Products, where he had been General Manager. In his 11 years in the environs of Los Angeles he had maintained the same whirlwind pace in a variety of "extra-curricular activities" and was also closely associated with the University of California at Los Angeles, playing a major advisory role in U.C.L.A.'s re-organization of its sprawling School of Engineering.

Curtiss, the son of a railroad man and a "radio buff" from his boyhood years in Ohio and Pennsylvania, worked his way through the University of Pittsburgh, receiving his bachelor's degree in electrical engineering in 1927 and ultimately carrying forward graduate study at Pittsburgh, the University of Pennsylvania, Purdue and U.C.L.A. The recipient a decade ago of an RCA Award of Merit, and active in nearly a dozen professional societies, this once-a-week golfer (with scores in the 90's) continues to write technical articles on radio, audio and radar.

For seeking to channel community resources towards meeting basic community needs; for spelling out objectives to which the Chamber and other organizations can enthusiastically devote their energies; for looking far beyond the "squint locus" of the present; he is TOWN TOPICS' nominee as

IS THIS MERGER YEAR?
Vital Semester Ahead. "Merger is a truly great opportunity for the people of Princeton, especially for the Negro people," commented John A. Buckland, Borough Board of Education, Princeton. The Princeton community prepared this week to start its most crucial school year.

The referendum on merging Borough and Township school systems will be held Thursday, October 4. Both boards have unanimously approved the merger, and all nine members of each board signed the "Blue Book." Borough and Township school superintendents have endorsed the merger. Teacher Associations have approved it.

This week, the Princeton Chamber of Commerce issued a formal statement supporting merger.

"We believe the merger will bring about two school systems while keeping our rights steady," said Arthur N. Cuneo, president of the Chamber. "The school system with a carefully coordinated program on all levels is an asset of incalculable value to all our citizens."

Is it safe? According to the survey made by Opinion Research Corporation and Gallup & Robinson, the greatest concern of people opposing a merger is

LAST CALL AT CARNEGIE. Time's running out for all young Huberers. Little Ronnie Campbell, 3 (left), and his brother Bobby, 4, who have two more weeks until school begins. The sons of Mr. and Mrs. Bruce Campbell of 162 Warren Street, Ronnie is a 4th grader at Riverside School, Bobby will enter kindergarten. (Staff Photo)

since the Township could be open out into the full Princeton community," Mr. Buckland explained.

"The recent professional survey of Princeton residents majority in both Borough and Township think that the Township would and should build a high school if merger fails in the October referendum. It seems certain that if the Township would split off in the event of merger, we

support the merger."

Back-to-School Issue Sets Records

TOWN TOPICS' annual Back-to-School issue, running to 56 pages, is the largest of its kind ever published, with display advertising up 20.8% over the Back-to-School issue a year ago.

Among the special features this week:

• M-DAY AT THE DAY SCHOOLS: The story of the big move to the new campus on the Great Road (page 42).

• NEW WORLD IN VIEW: A heart-warming report on 16 boys and girls who took part in the Princeton Study Center's first Exchange Program (page 34).

• IT'S NEW TO '65: Shopping tips for Back-to-Schoolers of all ages (page 31).

• POLL ON SCHOOL MERGER: TOWN TOPICS' Inquiring Reporter asks 15 Princetonians how they will vote on October 7 — and why (page 29).

Also included: Stories on the delay of fluoridation by the Princeton Water Co., plans for a multi-million dollar highway to shore resorts, and the annual Giants-Expos football game Sunday. Complete index on page 3.

a possible increase in school taxes, the "Blue Book" states that no significant increase would result. The Chamber's voter statement reflects this segment of public opinion.

We are now convinced that it is in the best interest of improving our school system and holding our taxes down, the proposed merger is desirable," the statement said.

"Creation of a separate Township High School will certainly cause an increase in both Borough and Township, especially in the Borough.

Integration is important. However, the most articulate opposition in the last few weeks has come not from Negroes but from those whose concern is pupil allocation and an integrated school system. Many Negroes are not in the schools, and it is for this reason that Mr. Buckland emphasized this week before the Negroes, especially, would benefit educationally from a merged system.

We are all strongly committed to proper integration, and a chance for Negroes to

TO Meet Parents, Mr. Grace and other members of the Township School Board will meet with several Negro parents this Thursday at a private home in Princeton, the meeting called by the John-Witherspoon Citizens' Committee.

Many Negro parents in the Township are worried that their primary grade children will be sent to Community Park because it's the closest school. —Continued on Page 2

Why all the
red tape?

You can understand why we don't sell narcotics without a physician's prescription. But maybe you've wondered why we're so fussy about other things . . . like penicillin, sleeping pills, the new tranquilizers. These potent medications are called "legend drugs" and you have to have a prescription to get them. Reason: Uncontrolled use may do more harm than good. Only your physician knows whether you should use them or not—and, if so, just how much. So we require a prescription. It's a matter of professional ethics and the law. Always it's common sense.

continued from Page 1

That would mean a concentration of Negro boys and girls in one school, although they would still be in the minority. The Negroes would be few, so few Negro boys and girls begin with. Other Negroes would offer the idea of separation, especially for the youngest children.

The concern of Negro parents on the subject was the theme of another meeting held last week at the Borough home. The Princeton NAACP and the Board member Leonard Hyatt, who was attending the meeting, attended this meeting. Bryan Moore, former member of the Borough Board of Education when merger was first being discussed, was present but the Rev. Albert

Pastor of Mt. Pisgah A.M.E. Church and a civil rights leader, is strongly in favor of merger because he believes that the dispersal of Negro children throughout the community would be of immeasurable value. Princeton, he says, and because he believes that Negro children, like white children, would get a better education under merger, on the vocational side.

What is the role of PAHRR, the Princeton Association of Negro Rights? PAHRR has remained silent so far, although individual PAHRR members have spoken out. John H. Moore, an executive of the organization, said this week that PAHRR will come out with a formal statement on merger after the opening of school.

Roll Call

When the roll is called on Thursday, September 1, at the Township school, about 4,903 boys and girls will answer.

The reason for the "abnormal" is that figures are never really realtà down until the first month of school. The figure for last year, however, was 4,903, and the high school's total is expected to be 20% higher than it was three years ago.

Miss Barbara Tamm, a National Fellow of the Association for Childhood Education International, who has been working with Mrs. Helleis.

Mrs. Irma Helleis, Mrs. Leah Riddle, and Mrs. Eddie Moss will be on leave during the coming term.

A summer experiment worked out well, Dr. McKenna reported to the Board. For the first time, a school library was open during the summer months, and Dr. McKenna told the Board that 638 children from the town (as of August 13) from the library at Community Park.

"We are pleased to have ready a children's summer library as a recreational facility," Dr. McKenna commented.

In addition, libraries at Littlebrook, Johnson Park, Valley, Road and Riverside were open two hours a day in the summer for check-out and reading.

The \$77,755 claim of Kehoe-Downs, controversial contractor with whom the school board has been at odds for the past months, will go before an arbitration board this fall, the school board was informed.

PRINCETON GIRL UNBURNED
Lynn Goldsmith, 16, of Flynn Lane, Goldsmith's home of 10 workers living with her in a South Carolina Negro home, was out for the evening last Wednesday when a fire-bombied car sped past the house and sprayed it with shotgun fire.

tion of the finger. All were given first aid treatment by Sgt. Jack Peterson and Lt. David Schatz of the Princeton Police before being taken to Princeton Hospital where they were treated and released.

Police quoted Mr. Mueller, the driver, as saying: "After leaving Shady Dell, I think I started to turn on a bend in the road too soon. The car went into a skid and I lost control."

His car crossed into the opposite lane, hit a high embankment and then came to a rest upside down in the middle of the road. Mr. Mueller's 1961 Dodge sedan had suffered a total loss. Police made no charges.

The previous day, Mr. Mueller said, he and Edward C., an Army private from Highland Lake stationed at Fort Dix, got into difficulty

while trying to pass two cars on Route 206 some 100 yards north of Cherry Hill.

Police said the toll police was attempting to pass two cars when the car immediately in front of him also decided to stop. Mr. Mueller continued, he was forced to veer to the side of the road where he skidded into a stone wall and I lost control."

Subsequent contestants of the upper arm, Pvt. Mueller was taken to Princeton Hospital by the Princeton First Aid and Squad. Two other soldiers suffered minor injuries in the car accident. No one was injured. There were no charges.

Cyclist Struck Brett Lewis, 7, Green Street, escaped serious injury Thursday when he was hit by a car while riding his bike on John Street.

business education curriculum. An expanded career opportunities program will begin with the department's second-year students. A new vocational counselor for students not going to college is also anticipated. George Petillo of the guidance department will be in charge. By the end of the year, a special two-weeks' training session this summer at Columbia University.

The work experience program will be expanded from 12 to 15 students. The electronics course, held Saturday mornings, has been added and will be added to the regular curriculum on a two-year basis, open to juniors. The course teaches fundamentals of electricity, wiring and assembly of component parts.

A Princeton University Area Advisory Council will be appointed to give the business field-hand information and local job opportunities and labor market trends.

PHS training programs. Members will be represented by executives of business, labor, industry and the public.

The Board appointed Kenneth Michael, Thomas Sarydian, head of the guidance office, as program directors. According to Mr. Michael, "We can move fast in the home and business areas and bring about a little luster in the industrial arts changes over. This won't start in September as an entirely new program."

Mr. Taylor took the boy to his mother and then transported both to Princeton Hospital. He was making no progress when Dr. S. C. Johnson reported the boy admitted he didn't stop or look before entering the roadway. Scrape marks indicated the boy had dragged about 18 feet from the point of impact, police said.

VOCATIONS PROGRAM SET FOR PHS. Princeton High School has set up its vocational training program. The Borough Board of Education has adopted the program recommended by the study committee. Mrs. Sarah Strayer served as chairman.

Related courses in home economics, business, industrial arts, designed with an eye to the current labor market, will begin in September. The State Department of Education will partially support a pilot program in data processing in the

Rainy Afternoon? Try the Public Library

"On rainy afternoons this summer, we'd have groups of three or four children in for the afternoon," says Robert Stager, Princeton Public Library director. "The younger ones would sit on the floor upstairs and read, and the big ones would sit at the tables downstairs. Then they'd check out books of riddles and puns, trains and cars, sports and games."

It was a record July for the library, with 7,878 circulation in the children's department, 11,458 for adults.

"The Star Beach" was a favorite science fiction set with the best illustrations, while "The War of the Worlds" for Water. "Girls are still reading about horses (no boy would be caught dead with a horse book) and the book that has sold the most this summer, a small blanket was Marguerite Henry's "Misty of Chincoteague."

"The Hobbit," an off-beat collection of stories about dwarfs and such, has been picked up by the college set since it was first published. "The Hobbit" is still rough going for younger readers. It is a great book for daddy or mother to read aloud.

High school students worked ahead this summer on reading lists, and the library recently checked out "The Scarlet Pimpernel" and "Lord Jim" and "The Great Gatsby."

"The Rise and Fall of the Third Reich" had a keen following, the librarian says, and still has. Readers almost too small to handle the heavy volume, carry it home and wade right through.

Surfing, sailing and tennis books went at a brisk sail all summer, some even "disappearing" mysteriously from the library shelves. Mr. Stager adds hopefully that they also circulated legitimately. "We were really amazed at the amount of use the library had this summer. . . it was wonderful."

Topics Of The Town

—Continued from Page 6
on a blank check of the First National Bank where Mr. Alexander has an account.

"Evidently he has an account," Mr. Castelli said. "Both accounts," Mr. Castelli said. "Both addresses are correct." Mr. Alexander has an account at the Bank and Trust Company and it was in this account that the passed deposited the \$100.

When questioned about the amount of the check, Mr. Castelli replied, "It's a matter of judgement. There are times when you would question a \$100 check and times when you wouldn't question a \$1000 check. This particular check had the correct account number of the payee."

"It's the same as any rule," Mr. Castelli concluded, "you weigh all the facts — and then use as much discretion as possible."

New Highways Planned

to Connect Ocean Area

Plans for a new \$180 Central Jersey expressway system providing Mercer County residents with direct routes to the New Jersey Shore were unveiled this week by Governor Richard J. Hughes. The program is expected to be completed in 1969.

It will meet the new extension of the Garden State Parkway, 4. Extension from the Garden State Parkway to the bridge area through Monmouth and Monmouth counties to Route 37. Here, two fork roads will split off to the Belmar area, and the other to the Toms River and Seaside Heights.

Mr. Treast noted that legislation will be required to provide the necessary segments of the work, adding that the entire network should be complete within three years after authorization is obtained. His report said the new road will be built in segments, under design or construction.

The state highway department and the federal government would each provide \$35 million for the project. About \$10 million of this has already been raised under existing improvement plans.

The Ulhwarz Authority and the Turnpike Authority and the Garden State would float bonds to raise \$25 million and \$83 million, respectively, for new routes. Roads would be toll roads.

In his part, Governor Hughes said: "What the Task Force has given us is a proposal. Now let me give you a promise. This network of expressways will be built — and built as promptly as possible."

BIDS ARE AWARDED

for Howell Public School

Board. Bids previously received at a special meeting were awarded to successful bidders

from the Howell and Hopewell Valley Regional Board of Education.

General construction work

for both the new Upper Elementary School and the addition to the Central High School were awarded to the Galasso Construction Company of Cherry Hill which bid \$904,844

Urken Supply Company

27 Witherspoon St. 924-3076

Our customers say: "Urken's Has Everything."

Plans call for two parallel routes to be built between Trenton and the shore areas of Monmouth and Ocean Counties. The northern route will connect Trenton to Route 33 near Hightstown by a spur leading to the northern end of the Trenton Freeway. The southern route would extend Route 29 from Trenton to a new Route 37 leading to the shore.

An extension of the Garden State Parkway would be built from Woodbridge through Monmouth and Ocean shore resorts. The Trenton-to-Hightstown spur would provide direct access to the New Jersey Turnpike, but no interchange is planned between the two.

As outlined by Paul L. Treast, chairman of the special task force appointed to study the project by the Governor, the plan includes:

1. A \$24.3 million spur from the Trenton Freeway at Whitehouse to Route 37 just east of the Hightstown Turnpike interchange.
2. Widening of 18 miles of Route 33 between Hightstown and the Abbury Park area to a four-lane divided highway, with a Freethold bypass.
3. Building a new freeway, Route 37, from the end of Route 29 south of Trenton to a point in Ocean County where

Topics Of The Town

Continued from Page 1

After all the bids had been awarded, their total was \$138,000 lower than the Board's estimate of \$230,400.00. As a result, the Board was able to accept several alternatives such as the use of the existing building at the high school, which were contingent on the final cost.

Awarding of contracts on the home economics science and shop equipment were postponed until the September session. This was done to give the professional staff time to examine and compare samples.

In other action, a motion by Paul F. Kinsella, was passed to open five new courses at the high school, four in the area of vocational education and one passed with one stipulation that a more detailed report be prepared of the students and objectives of the courses.

It was reported at the meeting that all assignments of students to buses has been completed. Parents will be informed of the particular assignment of their children as soon as possible.

It was reported that the Board accepted, with regard to the resolution effective October 1, of Robert Dornish, Principal of the Hopewell Ele-

mentary School, who has no merit and performance on the standard tests. To insure the continuation of satisfactory educational services, a successor to Mr. Dornish is named.

READING STUDY IS MADE
By Montgomery Township.

Result of a study of reading accomplishments of students in the Montgomery Township schools with suggestion for further improvement have been reported to the Township's Board of Education. Well over three-quarters or 81% of the students were found to be on or above their grade placement, while 19% were below their assigned grade.

The result of a standardized reading test indicated that the average student was reading eight months above his grade level, and that 18% were reading two years above level. This suggested the possibility of acceleration in subject matter as they are moved through the basic program. It was stated that while enrichment in subject matter is important, other practices should be explored.

ley Goodman, a second grade
teacher at a conference at
Lehigh University. Mrs.
Goodman will spend a week
at the conference, consisting of
reading instruction and submit-
ting a report to the adminis-
tration and board of educa-
tion.

ART QUARTERS PAINTED

By Women Members. Wom-
en members of the Princeton
Art Association, most of whom
are teachers, after a conference
at Lehigh University, Mrs.
Goodman will spend a week
at the conference, consisting of
reading instruction and submit-
ting a report to the adminis-
tration and board of educa-
tion.

Mrs. Clarence Johnson,
174 Nassau Street, has
been appointed director of
the board, assisted by Mrs. Leo
Friend. Mrs. Johnson reports
that funds are needed to
make it possible to paint
the walls which will
give other members the oppor-
tunity to help.

Mrs. Clarence Johnson,
174 Nassau Street, has
been appointed director of
the board, assisted by Mrs. Leo
Friend. Mrs. Johnson reports
that funds are needed to
make it possible to paint
the walls which will
give other members the oppor-
tunity to help.

MURALISTS AT WORK: When the Princeton Art Association took over its new quarters at 14 Nassau, the artists were invited to paint the walls. The muralists are now a soft, earthy white, though in the green. Mrs. Leo Friend (upper) and Mrs. Heinz Heinemann (lower), This room, with its fireplace, will be the Association's lounge.

Others who have contributed their time and effort include Messmand Leon S. Nergaard, Joseph E. Bachelder, J. Merle Thompson, Arthur L. Murray, Dean E. Montgomery, Harold P. Eubank, Mary Gibb, Shirley Madison, Selden Rosen and Howard Heinemann.

APARTMENT UNIT VETOED
By Rocky Hill Board. The quiet village of Rocky Hill with a population numbering less than 1,000 has decided to remain that way. The town planning board has rejected a bid by the M. L. Dodge Corporation of Newark, N. J., and George Sands, to build a 284-unit garden apartment on Princeton Road. The vote was 20 to 1.

Rocky Hill residents were just as strongly opposed, with approximately 200 of them crowding into the annual meeting room to present a petition bearing 189 signatures against the plan. The dissenting vote was cast by Raymond Whitlock, but even he was against the plan as it stood. He said Dodge should not be turned down outright,

as the company might be willing to alter the number of units proposed.

The board's chief reasons were anticipated traffic con-
gestion in the borough, and the lack of legal means of
controlling the development to his
proposals over an indefinite
period of time, especially if
the development should
change hands. It appears
the development would have
brought approximately \$75,000
in taxes to the town, which
was not enough to help much when the Hercules Ply-
wood Company closed down its
operations there early next year.

\$77,000 GRANT AWARDED
To Cranbury Housing Group. The Federal Housing Adminis-
tration has awarded a grant of
\$77,000 to the Cranbury Housing
Group, which is working
to provide low-income housing
to members of the community.

The grant will be used to
pay for full time supervision
of CHA building projects and
to pay for an impartial ob-

day afternoons and Wednesday
evenings. New Jersey State
youth competition, two
years-old trot and three-year
old pace (Wednesday after-
noon) and two-year-old
pace and trot (Thursday after-
noon). Midget car racing

Mother Praised LAUNCH
"We think LAUNCH is
a wonderful idea and
encourages good things about
us," said Mrs. Anthony Carn-
vale, 106 Leacock St. "The LAUNCH
program ended for her pre-
kindergarten son."

"Some parents were too
busy to bring their children
join in, but had the wrong
idea that LAUNCH was
done," said Mrs. — — — — —
"Home School" kind of thinking.
Mrs. Carnvale continued,
"but they certainly lost
out."

Mrs. Carnvale said that

in the Township's LAUNCH
program, her son was ex-
pected to do what he does
at home, like live animals,
carpenter's tools, and
finger paints. "It's little his
finger paints get the finger
paint first."

"It's so wonderful to live
in a town like Princeton
where people are doing
as a local, community effort,
not under a Federal
program," Mrs. Carnvale said.
"He's so eager to kinder-
garten, and he's looking for-
ward to it."

Saturday afternoon, Stock

car racing (Saturday even-
ing). Big car racing (Sun-
day morning). Dog Day, Labor
Day evenings. Midway, Ad-
mission charged. Parking

charge.

Wednesday, September 1
10 a.m.: First Football Practice;
State 4-H club, High School field.

1-4 p.m.: Retired Persons So-

cial Meeting, entertainment

by Laddie McCabe; commu-

nity room, War Memorial

Building, Trenton.

Thursday, September 2
9 a.m.-10 a.m.: 25th Anniversary
of the West Windsor Zoning
Board; Town Hall, Dutch

Neck.

Saturday, September 4
9 a.m.-Noon: Registration for
Princeton Midget Football
League's Football School;
Marquand Park. (Also Sep-
tember 11.)

FIGHTING 69TH'S TRIBUTE: At the close of a three-week "Return to the Elbe" long distance march, members of the Fighting 69th Infantry Division Asso., led by Lt. Col. Quigley (left), presented a plaque to the "Unknown Soldier" in the Arc de Triomphe, Paris. "It was a most impressive and touching ceremony," he says. "At the beginning one side of the pipe was played 'Taps,' another on the far side played the echo. Tears came down people's faces." Story, this page.

TOPICS OF THE TOWN:
From the front Page
We're to record what happens as a result of CHA efforts. Don Armstrong, president of CHA, said that small received fund may be used to acquire property for future building.

RETURN TO THE ELBE
and Bitterfeld Bridge. "People may think that our forgotten, lost, Quigley, and forgotten of the American war dead buried in Europe. "They are not buried in Europe. The graves are beautiful and well cared for. They have as many as 280 cemeteries in a month."

"About 100 men of the Fighting 69th are buried at Margraten Cemetery in Maastricht, Holland. This is a national memorial. We had a brief ceremony there and at Henri-Chapelle and at Aachen. We placed a red parrot on every '69th' grave."

One hundred and forty-four members of the 69th, including wives, took a 23-day tour of Europe. The summer, Lt. Col. Pennington as president of the Fighting 69th Infantry Division.

ton Association, was in charge of arrangements. He spoke the other day in his office at the University Store of the high point in the tour — the hoped-for meeting with the 69th veterans at Torgau on the River Elbe, East Germany.

"There were four bulldogs of us when we went through Check-point Charlie to East Berlin. We had been told that the aftermath of the war — people don't smile, the buildings are unpainted from the outside — was still there. The teenagers around (West Berlin) was full of them! And at the end of the week were nearly empty. Our whole group was dazed."

Navy Soldiers Around. The guides from the East German Tourist Bureau took us to the Great Castle. It is one of the most exciting places in East Germany. It was jam-packed with tourists. At each stop — where on the way East German and Russian soldiers were

— we went on to Leipzig (the 69th had been the only division in Europe that summer, Lt. Col. Pennington as president of the Fighting 69th Infantry Division).

priced and where Bach played the organ. The organ is still there.

"At the location of the Potsdam Conference, we were given a lecture on how communism was born at the Conference. Our people were on orders to be quiet."

HONES, UNFINISHED: At Torgau on the Elbe there were no veterans of the Russian 58th Guards Division to meet them. "We had hopes right up to the end." There had been no communication between the 69th, the State Department, the Soviet Veterans' Committee and "Arms of Friendship."

Obituaries

Andrew C. Imbrie, 90, 20 Hibben Road, a retired textile executive and a former trustee of Princeton University, died at 4 a.m. yesterday at his home on August 20.

Born in Jersey City, Mr. Imbrie studied at Princeton and graduated from New York and graduated from Princeton in 1895. He joined his father's company, a manufacturer of fishing tackle in New York, and was president from 1916 to 1918.

He was appointed purchasing agent of the United States Publishing Company of New York in 1914, and served as director of the New York office of the company from 1916 to 1932. He held similar posts with Wilson-Bethany Inc., textile manufacturer, from 1933 to 1937. From 1919 to his retirement in 1940, he was director of the Textile Foundation, an organization representing the textile industry in the United States.

In 1922, he was named to confer with the Allied Reparations Commission in Paris and arranged for the importation of German dyes. The profits from these transactions were devoted to research and to the welfare of Princeton receiving about \$200,000 under this arrangement. The chairman of the foundation, however, was the Textile Foundation, a fund originally set up under Federal supervision and now situated in Princeton.

Mr. Imbrie had served the University in many posts, including student trustee and financial secretary. He was secretary of his class from his graduation in 1914 until 1939, the 50th anniversary year of his class. Princeton presented him with a gold watch and a medallion of art, citing his highness of purpose, keenness of his loyalty, and his service.

He is survived by his wife, the former Dorothy Welsh; a daughter, Douglas Imbrie, of Princeton; a son, Professor Andrew W., a member of the faculty of the University of California; a brother, Dr. John Imbrie, Mrs. Samuel G. Dayton of Media, Pa., and five grandchildren.

A memorial service was held in the Princeton University Chapel.

The Rev. Francis R. Goddard, 89, died August 23 in Princeton, shortly after a brief illness. He had been rector as rector of St. Andrew's Episcopal Church, Kilkenny Road, and Mill Road, Princeton, for 17 years. He was a resident of Princeton for three years.

**Need back-to-school
money?**

**Get an HFC
Shopper's Loan**

If you need more money for your youngsters' back-to-school needs, get it now—with an HFC Shopper's Loan. With cash from Household you can cover the cost of tuition, books, transportation, and more. Then repay conveniently at the oldest, largest company of its kind—HFC.

Ask about credit life insurance on loans at group rates.

Household's charge is 21% for month-to-month basis of \$200 or less, or 1% of the balance of \$200 or more.

Topics Of The Town

—Continued from Page 16
the mother subscriber remembered him. "She was so happy to see me."

Sammy Downey the Rhine, 36, going to Kassel, the 60th going to a steamer down the Rhine to the Remagen Bridge. We were told the Remagen bridge had been blown up, but it hasn't. The West German government is leaving it as a war memorial.

"Many of the fellows get so excited there. The 69th was the first infantry division to cross the Rhine, and some men there, but we didn't have the resistance we expected."

"Remagen, Lelpzig and Torgau were the most vivid in our memories. We know that as soon as we crossed the Rhine, the war would be over. We knew this six months before. It was a big thing with us, a sort of a morale booster, much of this meeting at the 69th."

The 69th still has hopes of a rapprochement with the Soviet veterans. After all, three Russian veterans, including a lady from Moscow, were visiting Princeton last fall, with Mr. Quickle as their host.

"We are living in fear behind the Iron Curtain. I am sure we are far better Americans than before we went to East Germany."

PANNELL IS INDICTED

On Homicide Charge. Dr. Eddie L. Pannell, 25, a former Princeton resident, who gives 70 Chay Street as his address, was indicted by the Mercer County Grand Jury Tuesday on the homicide charge brought against him by Princeton Township Police.

Pannell is accused of fatally stabbing his brother Eddie L. Wilson, 31, of Leigh Avenue. The fight took place after the two men, who were members of the Double Horse Tavern on Birch Avenue, shortly after midnight on Fri-

day, August 9, 1949.

Mr. Wilson was pronounced dead on arrival at Princeton Hospital, having been stabbed in the chest with a paring knife. Pannell was taken into custody after three hours of intense home by a friend, and has been held with a bail in Mercer County Jail since then.

Police have said that there was enmity between the two men. The argument in which they became involved, reportedly over two women, began after they had left the tavern.

Word of Warning

Catch a vacation
As quick as you can!
You haven't much time
left.
To pick up a ton.

August has but six days to run, and a new month begins next Wednesday. Labor Day is around the corner, and the weather ends a fortnight thereafter.

A pleasant weekend caps the forecast for the next six days, after which there'll be clouds, and the weather ends a fortnight thereafter.

Register to Vote

If you are now a registered voter, you must re-register by this Friday, August 27, 1965, in order to vote in the school merger referendum October 7.

To accommodate new residents, those who have moved the Township clerk's office will be open Friday, August 27, from 9 a.m. to 4 p.m. in addition to the regular hours of 8 a.m. to 4 p.m., Monday through Friday.

In the Borough, the clerk's office will be open from 9-4 Monday through Friday, August 27. No additional registration hours have been scheduled for the Borough.

Topics Of The Town

—Continued from Page 17

POLICE SEEK SLAYER Of wife in original case, no further warrant is out for the arrest of Charles P. Taylor, 27, 131 John Street, who is wanted for the murder of his wife on July 14 in Charlotteville, Va. Taylor is also believed to have critically wounded his mother-in-law.

According to Chief Peter J. McCullough, the police chief, the shootings, Taylor moved out of the home of Fred Armstrong, 21 Phillips Avenue, Lawrenceville, where he had been living and moved into the John Street address. Mr. Armstrong is an uncle of the murderer.

Police had no further information. Taylor, a lanky, 6-2 Negro, was employed here as a construction worker.

OPENING DAY SET

The Plainboro Township, the new school year for the Plainboro Township School will begin Wednesday, September 8, at 8:30. All Plainboro students attending Princeton High School will also start classes on that day.

Princeton students, Princeton High must attend an orientation session on Tuesday, September 7, at 12:30 p.m. for the meeting will begin operating at 11:45 and return at 1:15 p.m.

New students entering the Plainboro school must register at the school on Wednesday, September 8, at 8:30 a.m. Children attending kindergarten must be 5 years old on or

Collura, fifth grade: Don Foti, sixth grade: Miss Barbara Hoffman, seventh grade: John Bilek, eighth grade: and Miss Marion Dean.

Because of the rebelling of the bus drivers on the bus line, there may be some changes in bus routes and schedules. It is expected that any changes will be made by the Joint Recreation Commission.

PLAYGROUNDS TO CLOSE
On Friday. After nine weeks of busy and sometime frenetic activity, Princeton's playgrounds and wading pools will close Friday.

Since the early 1930's, they have been maintained by the Playgrounds Committee, an agency of the United Community Fund. If present plans are followed, the playgrounds will be replaced by the Joint Recreation Commission.

Current members of the Committee are Ellis G. Wilson, chairman; Mrs. Charles W. Link, Rosalie C. Schmidt, Franklin C. Clarke, Mrs. H. Kline, Harold E. Davis, O. W. Miller Jr., Robert D. McLean, William H. Miller, and Howard B. Woodrow Jr.

Members of the playground staff this summer were: Anthony Vail, Robert Grimes, Thomas Murray, Lawrence Evans, James Briner, Michael Lamm, Robert Shinkler, Jim Counts, Mrs. Jeanne Macomie Noone, Arna Safran, Mrs. Dana White, Archie Freeman, Nedra Freeman, Mrs. Martha Wells, Jessie Hinsel, Patti McCrohan, Jacqueline Gandy, Sandra Cook, Alicia Spiner, Barbara Kunkel, Evelyn Bergman, Denise Farley, Tom Mareson, Rose Ann Kell, Marion Lomodoro, Mary McCrohan, and C. Edward Ward Christian, supervisor.

BIRTHS
Twenty-six girls, Thirteen girls and 13 boys were born last week at Princeton Hospital.

Sons were born to Mr. and Mrs. Carl D. Morrison, New Road, Kendall Park, August

Portable Delayed

Princeton High School's three portable classrooms, units now on an "after Labor Day" construction schedule, The Borough Education Board was told at the July 27 meeting that the classrooms would be up in "approximately 10 days."

Cement foundations are being laid for the schools and in back of the boys' gym, where the units will be located, footings are in; water and sewage and electrical lines are being installed, and a few sections of the buildings have arrived from the factory.

According to School Superintendent Chester R. Stroup, "It'll be a tight schedule. But I'm confident we'll meet the deadline."

15. Mr. and Mrs. James Bresen- ger, 107 W. Wellington Avenue, Pennington; Mr. and Mrs. Edward Pratica Jr., 19 Willard Street, Princeton; Mr. and Mrs. Howard Alan Unangst, 182 N. News Of The CHURCHES

CLERGY LISTED

For SUMMER Services
Chancery in Princeton pupils
of Sunday schools.

The Rev. F. Hugh Liffiton of
St. Andrew's will preside at
Witherspoon Street
Presbyterian Church.

This is the final summer union
service for Princeton Union
Churches.

The Rev. Dr. L. E. Gibson
of Princeton Methodist Church
returns to his own pulpit on
Sunday. He will preach on
"The Story of the First
Sandy" at the 10 a.m. service.

The offertory solo, "Paisi Angelus" by Francis Will be
sung by Debby Truett.

In Princeton University
 Chapel at 10 a.m. services
the chancel will be led by
David Smith, a graduate stu-
dent in the department of re-
ligion.

Paul Hoecke of Gideons
International will speak in
Chapel in the absence of the
Rev. S. S. Hizzo.

The Rev. Father K. will re-
turn to Lutheran Church of the
Messiah to lead morning

worship 10.

The Unitarian Church will
hold its last summer worship
service at 9 a.m. Dr. Jack Ward,
a graduate of Princeton, will
conduct the clinical research
with the controversial drug,
LSD-25, will give the sermon.
The service is to be at 9 a.m.
Not 10. There will be no

meeting on September 5. The
regular 10 a.m. services will be
held on September 6.

At 11 a.m. and 8:15 p.m.
worship services at the First
Church of Christ, Scientist, the
lesson-sermon will be
"Man."

PROGRAM IS PLANNED

To Observe WSCS Anniversary,
The Women's Society of
Christian Service of Princeton
Methodist Church is planning
a special service at 8 p.m.
September 9 in the social hall
to celebrate the Society's 25th anniversary.

There will be a special film,
"Living Response," which sum-
marizes the work of the WSCS
in the Mission Field, to be
shown by Mrs. John Baumkum,
program chairman. A silver
table will be served to
members of the executive
committee.

Mrs. Leon Gibson, Spiritual
Life Committee, will preside
and Mrs. Harvey
Cook, president, will conduct
a brief business session. Also
taking part are Mrs. Donald
Riggs, Mrs. I. N. Nease,

BULLETIN NOTES

Barbecue. The Ladies Aid
of Witherspoon Presbyterian
Church will sponsor a barbecue
this Thursday on the lawn
of the church. The hours are 3 to
7 p.m. and chicken, sandwiches
and hamburgers will be served.
Ticket price, 25¢.

Memorial Service. Members
of the Episcopal Society for
Cultural and Racial Unity
held a memorial service of
10 a.m. on Sunday, September 12
in St. Luke's Church, Princeton.
Honour of seminarian Jonathan
Daniel ESCRU represented
by his mother, Mrs. Daniel
Escrub, who was present.

Memorial Service. Daily Day
and Promotion Day at the Princeton
Methodist Church Sunday
school will be held at 9:45
a.m. on Sunday, September 12.
Worship will be at 11.

SUMMER HOURS
Tues. - Sat. 9:30 - 5:30

CLOSED MONDAYS

"B. J." Profiled

The Rev. Benjamin J.
Anderson, pastor of With-
erspoon Street Presbyterian
Church from 1943 to 1964,
has moved to the Princeton
and is head of Smith
(College) girls," according
to an article by Mrs. Fran-
cine Sander in the August 15 issue of Pres-
byterian Life.

The ministry of Smith's
new religious mentor to
serve the need of the
moment and then to com-
municate the right words of
wisdom with spontaneity
and scholarship is among
the factors which have
made him one of the
country's most unusual pul-
pit.

The article traces the
Rev. Mr. Anderson's long
and fruitful career. The author, long a Princeton
resident, died at First Church
in 1964. His widow, Mrs. Anderson, has
since moved to Boulder,
Colo., where her psychia-
trist husband is a member of the
University of Colorado
faculty.

Back View — Princeton Borough

Now being offered for the first time is this authentically-reproduced
colonial built in the late 30's and situated on a fabulous acre in the middle
of Princeton within walking distance of the University.

Landscaping is superb from the delightful brick terrace and rose garden
to the flower-bordered walks and beds abounding with bulbs, healthy
pachysandra and ajuga. Century old pines border the sweeping back
lawn in a garden club setting that is hard to resist. What was a labor of
love to create is now practically maintenance free.

The interior is just as charming with its nooks, niches and crannies.
The fireplace in the living room is a picture with its wood, paneling,
smoky blue green paneling on its lower walls, padded window seats, niches
for those hobbies and the blessing of many windows. There is a door to
the rear terrace that reveals the sweeping view. The study nook mirror
also reflects all the beauties of the outdoors while milady keeps her cor-
respondence up to date and dinner table guests are in the same enviable
position.

A beamed "country room" with bookcases is centrally heated but boasts
a pot bellied stove for romantic remembrances; it is so truly hideaway it
couldn't be found unless you know its location. The guest room and bath,
too, is accessible only by separate stairway.

Three bedrooms and 2 1/2 baths complete the main portion of the house,
with an informal laundry-playroom for the young fry. Garage for a large
car (radar controlled door) and one for a smaller sporty one as well as a
partial basement.

Charles Mauro, 202 Valley

SIDES WITH MAJORITY ON SCHOOL MERGER: Of 15 residents asked how they plan to vote on the school merger referendum, Charles Mauro is one of 12 who indicated they will vote 'yes'. Two were opposed and one stated she did not plan to vote. (Staff Photo)

Question of the Week

Question: How do you plan to vote on the school merger referendum?

Where asked: Nassau Street

Mrs. Fred Fields, 25 Parkside Drive, housewife: I'm definitely in favor of it. I feel Princeton is too large now. Oh, I could go on forever and cite the Blue Book page for page.

Charles Mauro, 202 Valley Road, mansion: I think it's good. It's used to have two school systems when you could have one. It's a waste of money. There is no room in Princeton. Why should we have to say Princeton Townships or Princeton Board schools?

Charles Caruso, 31 Linden Lane, lawyer: I plan to vote against it for several reasons. Mainly, I feel the Borough's school system is in excellent condition and it is moving in the direction of even greater excellence. By that I mean that the atmosphere and among other things and I think merger would be a step backward as far as the other collector of school systems is concerned. I think, too, the so-called Princeton Plan has received a great deal of support and it is moving naturally and it works naturally. I think we would lose that. We would be giving that up for something that would not work and which would not have the virtue of naturalness. There are other reasons. There are a lot of other reasons why I am opposed but I feel those are two of the main ones.

Mrs. Irving Rosenthal, 29 Leaburg Lane, housewife: For merger, I feel that between the two communities we should have a better school system. I think that is one way of getting it. If you can consolidate all our schools into one pool, then we have more room to expand. The way it is now, it is doubled up and thinner all around.

Carl Sherrick, Hibben Apartments, research psychologist: I'm for it. I think consolidation is something which subverts that soil will have to face eventually. The Princeton part is one of relationship to the state school system but in New Jersey as it is now and I've been here three years — this is the economic step to take.

Mrs. Roberta Glick, 57 Washington Street, housewife: For consolidation, I just can't see any sense in this separation between the Township and the Borough. I feel that if you had one system make for a better system.

Julian Nohr, 221 A. Main Street, graduate student, physics: While I have no children, I do feel that if there is a merger, it would like to see the schools merge. I believe it is silly to have two separate administra-

tions. After all, I think the school systems can benefit by sharing facilities. For example, speech therapy. Elementary schools frequently offer this and there is no reason why the secondary schools can't do. Other areas would be counseling and psychiatry.

Mrs. Mary Rehrer, 110 Nassau Street, cataloguer, IBM: I am for Advanced Study. To tell the truth, as a woman who has no children and no husband, I don't care. I feel I wasn't vote at all. I respect the people on both sides of the question, but I feel good about having a background on which to have an opinion.

Mrs. Mary Rehrer, 48 Erdmann Avenue, housewife: I'm in favor of it. I feel it's going to make our taxes go up. This is going to cost me money. That's what I think. Very definitely.

Mrs. Richard Jeffrey, 55 Patton Avenue, housewife: I'm in favor of it. I see much more rationality in a community like Princeton having schools together. It's one population, it generally behaves like a unit, and you can see that more easily. The two should be apart except that it is easier to let things go on as they are.

G. J. Brenn, 270 Russell Road, sales manager, IBM: I am in favor of it. I vote because I believe it is best for the town and best for the students. I think it just makes more sense, rather than to do apart except that it is easier to let things go on as they are.

Fred Vandeventer, 133 Mansgrove Street, housewife:

Manager: I'm for it. I was for it before the referendum for it. I think it provides for better schools for everybody.

Mrs. Fred Fields, 103 Lucas Road, housewife: De-

initely, I think Princeton should catch up to its own self image of an intelligent town. It's long over-

due. Robert Winters, 10 Adams Drive, student, Princeton University: I'm for it. I think it would be more efficient, would provide better education and better use of the community, which is simply insane to have divided.

Mrs. Robert Miller, 323 Nassau Street, housewife:

For, I think that a school system can very provide a wide range of opportunity with a consolidated system. The way Princeton is set up, a doughnut school system, I think — would be a handicap to a good neighborhood school system. We should have consolidation of all our activities.

Garland

**almost too pretty
to choose from**

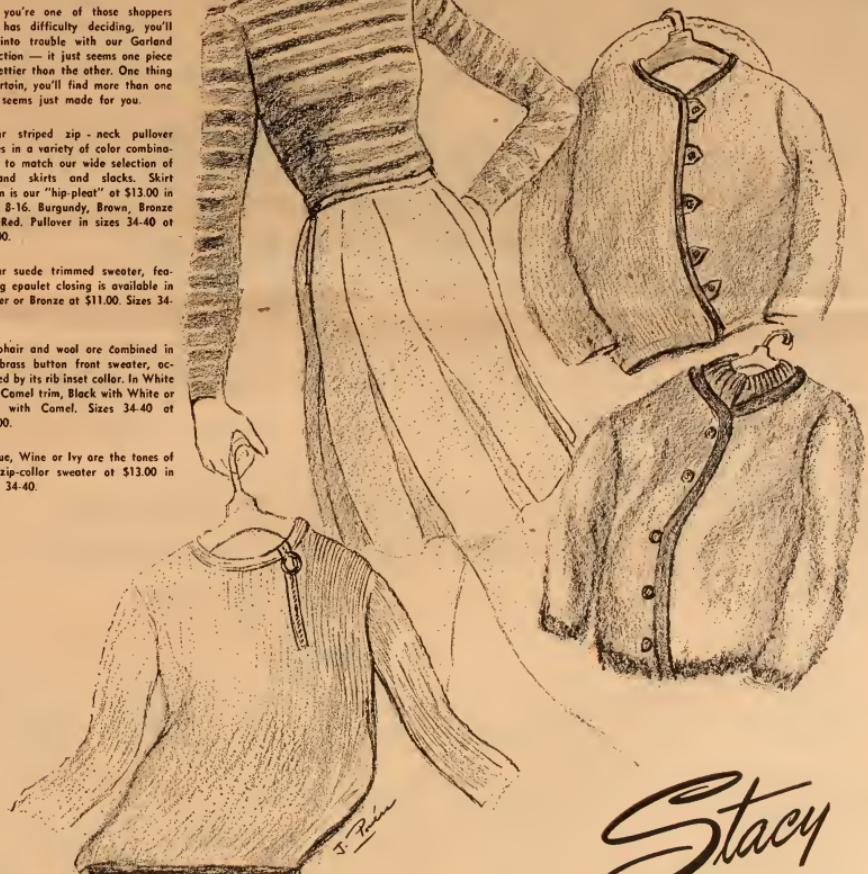

If you're one of those shoppers who has difficulty deciding, you'll run into trouble with our Garland collection — it just seems one piece is prettier than the other. One thing is certain, you'll find more than one that seems just made for you.

Our striped zip-neck pullover comes in a variety of color combinations to match our wide selection of Garland skirts and slacks. Skirt shown is our "hip-pleat" at \$13.00 in sizes 8-16. Burgundy, Brown, Bronze and Red. Pullover in sizes 34-40 at \$11.00.

Our suede trimmed sweater, featuring epaulet closing is available in Amber or Bronze at \$11.00. Sizes 34-40.

Mohair and wool are combined in our brass button front sweater, accented by its rib inset collar. In White with Camel trim, Black with White or Blue with Camel. Sizes 34-40 at \$15.00.

Blue, Wine or Ivy are the tones of our zip-collar sweater at \$13.00 in sizes 34-40.

SYLVAN POOLS

indian summer

Sale

save \$200 to \$1000 depending on size

Buy your Sylvan Pool during Sylvan's "Indian Summer Sale," save on lower prices, and swim from now through October. Also, your landscaping can be completed during the ideal fall planting season. Why can we offer such big savings? Because by letting us build your pool now, we can start our summer construction schedule, keep our crews busy, and we're willing to pass the savings to you.

As a special bonus for buying during our "Indian Summer Sale," you will be entitled to SYLVAN'S AUTOMATIC POOL PACKAGE of $\frac{1}{2}$ price.

The package includes: Automatic Filter-Heater • Automatic Daxon Chlorosolver • Automatic Swirl-Clean Pool Cleaner

*A Product of Diamond Alkali Company

How Much Is Peace of Mind Worth? You Get It Free With A Sylvan Pool!

You can buy a cheaper pool than a Sylvan Pool, but you can't buy better. If a Sylvan Pool is a little more, then more is a reasonable price to buy into a Sylvan Pool in peace of mind — a lifetime of peace of mind for you as a pool owner.

This is important, because a swimming pool is a purchase that a home-owner usually makes just once. And because

the average homeowner has no working knowledge of swimming pool construction, he can be easily misled by false advertising.

His best bet is to rely on the reputation of the pool builder, and it is the reputation only that has made Sylvan the largest pool builder east of the Mississippi. In fact, a recent survey showed that approximately 80% of Sylvan sales were due to customer recommendations.

Sylvan... The Pool For All Seasons

You should buy a pool for lifetime, not for summer. Sylvan Pools are built to withstand the severe winters in the Northeast; in fact, you can ice skate on any Sylvan Pool.

The Sylvan Plan: Everything In One Package, Payable Monthly
Amount Financed \$2980 \$48.33
Monthly Payment \$2980 \$48.33
First Payment Can Be Deferred Until Spring 1966
\$3480 \$57.28
\$3980 \$66.22
\$4480 \$75.17

A Motorcyclist Replies.

To the Editor of Town Topics: Regarding your comment in August 12th "Question of the Week," by Miss Julie Shultz. She responded to your question by saying "I think it ought to be a law against it" by commenting that there should "be a law against motorcyclists taking up a whole parking space." I wish to come to the defense of drivers of two-wheeled vehicles.

New Jersey has one of the hardest driving tests for motorcyclists (particularly for beginners). Most drivers have included taking up one parking space. I would hold with the objection if you were to take up a whole space like a bike occupies a whole space, but it sounded more like a car like a VW bug or a VW beetle in that case.

I make an earnest plea to all drivers. Please have respect for your fellow drivers, how small. Once I had parked in a parking lot and never saw a car. I had to leave because my vehicle had been moved. This is not only unfair, it is downright rude! Like the VW bug had every right to that space.

I only hope that this helps some of you motorcyclists in a slightly different light.

— GILBERT BLISS

201 Moore Street

Forced Fluoridation.

To the Editor of Town Topics: The following is the text of a letter that I have written to Fred M. Blaicher and Edgar S. Smith, as Presidents of the Princeton Water Company, and with the exception of the final paragraph, to Miss Mildred Jefferson, member of the Board of Health.

"I wish to go on record as requesting the forced fluoridation of the Princeton community's water. I believe that if fluoride could be introduced into the diet, the situation might be different, but to compel an entire population to use such water (and how can it be avoided without adding fluoride? — inconveniences?) is unacceptable so long as fluoride can be taken in other forms."

"It seems to me that the Board of Health could accomplish this end as effectively by instituting a program to distribute fluoride capsules to all those who wish to have them. Those who do not could at least have the freedom of choice."

— WALTER JEFFERSON was alive he stated that as long as he was in charge Princeton water would not be fluoridated unless the majority of voters indicated by vote that this was what they wanted. His position was that it was valid one."

RUTH A. PETITT

(Mrs. Karl D. Pettit Jr.)

104 Bayard Lane

To the Fluoridation Editor of Town Topics:

I like Hershey bars; eat 'em all the time. According to the latest reports out of Hershey, Pa., the average American is on the same kick. You can't say it doesn't agree with me.

Frankly speaking for myself, I'm in vigorous health, full of pep, up and at 'em all the time, all the time down to the Hershey bars.

Now I've done a very clever thing and I don't know why I'm confessing it in the paper like this: What I've done is, I've got a corn on the local

supply of Hershey bars. What I've done is paid off a nearby volunteer fire company, and we're going to blockade Nassau Street on Friday afternoon. We're going to line up every living citizen of this town by his necks, shake a nickel out of him, and then jam a little Hershey bar down his gullet. He'll feel better for it, I can tell you.

I want you to know I'm pretty positive about this thing. We'll have this town packed full of people, and I aim 'em in no time. If it all goes as well as planned, I think we'll have a good time for the Gibbs. Estes charity football game next.

It'll take a few more volunteers, but we'll have a good time, I'm sure. You can complain? After all it's for their own good.

— ROD McMANIGAL

F. O. Box 823

Water Co. Congratulated.

To the Editor of Town Topics: The Directors of the Princeton Water Company would like to congratulate on their wisdom in postponing fluoridation of the water supply. This action is most welcome, and we are sure which is to the right of the people to be secure in their personal and social forms of oppression including compulsory medical treatment.

Those wishing treatment, parents wish it for them, should be equally secure in their

—Continued from Page 30
should be subject to such an
inequitable merger.

Many citizens have been
made by the Borough and the
Township for the purpose of
merging the two communities.
The conclusions are, in each
case that the Township could
never begin to justify a mer-
ger with the Borough, because
of financial inequities. Princeton
Borough is a mature, well-
invested community already
made in schools, water system,
sewerage, streets, fire depart-
ments, etc.

To merge with the newer
community, Princeton Town-
ship would have to give up
problems it deserves financial
adjustment — even to begin-
ning, the Township would in
all probability have to give up
Borough taxpayers tax
freedom for 10-12 years just to
ensure that the financial inequities
it would bring to a
joint venture. If a merger of
the two governments cannot
be accomplished equitably, it is
difficult to understand how
anyone can seriously suggest
it is done with our school
system.

If one examines the blue-
book study, it is easy to con-
clude that by 1970 the Town-
ship would have a majority
representation on a proposed
joint school board, consisting
of 5 memberships and the
Borough would have a
minority position with 4 seats. As
the years unfold past 1970,
the seats of the Borough would
decrease and the Borough
parents and taxpayers in the
position of contributing ex-
tremely large funds for schools to
expand the ever-increasing
requirements of the Township,
and the Borough having to pay
for something we already
have.

It is our duty as Borough
parents, citizens and taxpayers
to vote on October 10th. Let us
not lose by default. Our se-
creetion's rejection within
the Borough of our 3,600
registered voters, is final.

Our vote wins regardless of
what happens in the Township.
We should not need to
not merge ourselves into the
Township's "expanding pro-
blems". We have a financially
self-sustaining community
small to be sure, but isn't that
the way we want it?

ELWIN E. SMITH

201 Prospect Avenue.

(Editor's Note: Mr. Smith
refers to "merging the two
communities" as "expanding".
This is a totally different matter,
legally and financially, from
merging the two school sys-
tems.)

As the "Blue Book" points
out (page 52), state law al-
lows the distribution of cur-
rent costs in a regionalized

Person To Person

A friend said
that agriculture
was practiced in
prehistoric times,
and an Egyptian
papyrus of plowing
and sowing
seedling give
evidence of this
which is at least 5,000 years
old. They did systematic farm-
ing with plow, hoe, and weeding
and had irrigation
irrigation from many canals and
ditches taking water from the
Nile. They also
breaded wheat, barley, millet,
lentils, lupines, garlie, radish-
es, etc. The people of Egypt
their system land and livestock
were the property of royalty,
priests, and military classes,
but the work was done by
slaves and hired laborers. In
all previous history man's time
and his knowledge was really
to getting enough food. It is
only in this century in this
country that we are blessed
with an abundance and over-
abundance which has never
before been the lot of any
people. If you share our
goodwill, good service, and
territorial bargains see us! Kam-
mer Brothers, Inc. Co., Route

district according to average *Season Completed.*

total enrollment. Application
according to enrollment would
rather than according to property
valuation, would result in a more
equitable tax rate for the
school tax rates of either the
Township or the Borough. This
two school boards after a care-
ful analysis of the actual financial
position of the two school
districts from 1952-66, ("Blue
Book," pages 80-83).

If the two districts separate,
the initial cost to separate
would be about 15 tax points.

district according to average *Season Completed.*

Topics Of The Town

—Continued from Page 1
ed.), half of new cartons came from the Pocatello Mill. At this point, Mr. Whitchick and Mr. Miller unveiled their colors for the new school. A duplicate set of blueprints of the new building, with a different color for each of four sections, they were laid out on the new book with corresponding colors (red, blue, yellow or green). The colors were stuck onto everything from desks and extensions, to hockey goals and cold cards. And cold cards were placed on each doorway at the new school to guide the movers.

With this system in hand, Mr. Whitchick and Mr. Miller were everywhere at once on the last day of school to move. Helping them were the student work crew and the maintenance crew, Ed Kowalski, Daniel Taylor, Ray Carnavale, Edgar Watters and Tom Thompson.

In the end, the pile of PCDMF papers to be moved included 8,000 books, 630 desks, chairs, seven pianos

posts and poles, refrigerators, chairs, tables, power tools, radios and TV sets from PCD, shop, hand printing presses, a typewriter, a stage curtain, stage and laboratory equipment, music stands and a piano. The new goal is four hockey goals and six blocking dummies. The lawn mowers and tractor had been moved ahead of time.

Everything was ready for its move. It was decided that items to be moved north of the theater in the new building would be moved on Friday, and would be held until the week after Labor Day.

Everyone had thought of everything. Mr. Whitchick and Mr. Miller said gloomily, "We're not prepared."

One color-blind mover could have dynamited the whole system.

THE EYES HAVE IT

Optometrist Expands. Dr. Charles Allen, optometrist, has opened the door of his newly-remodeled office at 10 Nassau on the corner of Tullamore.

The two doctors and John Hoff, owner of the existing optometrist, provide more room for examination and fitting, and in addition, they have removed all old structures to make a modern white brick front on Nassau Street and a room inside for modern suite of rooms inside.

Dr. Allen and Dr. Karmel now have two examination offices, a fitting room, a complete room for contact lenses, laboratory, nurses' station and waiting room.

BY NEWSWOMAN'S CLUB

The first meeting of the YWCA's new club will be held September 14 at 12:30 in the YWCA auditorium. A panel of speakers will be present, followed by a luncheon for children over and under kindergarten age.

Now in its seventh year, the Newswoman's Club is an active adult group associated with the Princeton YMCA. The purpose of the organization is to bring together retired and friend to acquaint them with Princeton and its surroundings and to bring in new members and coming active members of the community. Membership is open to women.

UNIVERSITY NAMES HEAD OF SOCIAL RESEARCH. Prof. Charles F. Westoff, a social director of Princeton University's office of Population Research, has been appointed chairman of the University's department of sociology and anthropology of New York University.

In 1962, he joined the sociology department, and became director of the office of population research, a post he will retain. Dr. Westoff is author of two books, "Mexican Indians" and "The Third Child," growing out of his research in human fertility.

Joseph C. Bevis

NEW PRESIDENT ELECTED
At Opinion Research. Joseph C. Bevis, 2535 Main Street, Lawrenceville, chairman of the board and president of Opinions Research Corporation, has been elected to serve as its president.

Mr. Bevis has been president of O.R.C. since 1960, it leaving in September to become president of Howard Chase Advertising, New York.

Hugh C. Hoffman was appointed to direct marketing of O.R.C. and to maintain its relationships. Serving with Mr. Bevis on the board's policy committee are Thomas W. Kamm and W. Donald Ragside - presidents.

Mr. Bevis is a graduate of the University's department of sociology. He succeeds Prof. Charles H. Page, who resigned earlier this year to become president of College of the University of California, Santa Cruz.

The 36-year-old native of New York received his A.B. and M.A. degrees from Syracuse University in 1949 and 1951, respectively, and a Ph.D. from the University of Pennsylvania in 1953. For the next two years, he was research associate with the Milbank Memorial Fund.

Dr. Westoff returned to Princeton in 1955 as research associate in the Office of Population Research, and continued this association part-time after his appointment as associate professor and chairman of the department of sociology and anthropology of New York University.

In 1962, he joined the sociology department, and became director of the office of population research, a post he will retain. Dr. Westoff is author of two books, "Mexican Indians" and "The Third Child," growing out of his research in human fertility.

HUN SCHEDULED TO OPEN

With 260 Students. The Hun School, with a capacity enrollment of 260 students, 80 boarding and 80 from the Trenton-Princeton area, will begin classes on Tuesday, Sept. 14. The first class will register two days earlier.

The school will begin its first complete year in its new facility, built as a result of its development campaign. The Academic building, housing all school activities, auditoriums and classrooms, and the new dormitory were each used for half of last year.

A series of three one-term courses in the fields of art, music and religion will be implemented the four liberal arts courses at the freshman level. The required subjects will provide the background for proposed further studies during the ensuing three years.

Dr. Robert MacLeod, headmaster, announced that Roosevelt MacLeod, the new assistant headmaster, will be director of studies and college counselor for the seniors, as well as performing the other duties of his office.

Mr. Chesbro also said that with the stability of the faculty, the new year needs not to be filled for the coming year.

SPORTS In Princeton

EAGLES ARE FAVORED To Win First Ever Giants After three years of defeat in the Jaycees Football Classic in Palmer Stadium, the Philadelphia Eagles are the choice to win Saturday's NFL exhibition game against the New York Giants. The 200-yard kickoff is expected to be witnessed by a crowd of 35,000, but for the first time in the series there is a possibility that a virtual sellout may not be achieved.

Working against a capacity crowd are factors ranging from the heat that has made the 100,000-seat Palmer Stadium something like a well-baked kiln in other years, to the steadily increasing appearance of the Giants in their own areas, both live and on TV. The Giants returned to the Yale Bowl last Saturday, defeating Pittsburgh Steelers, 16-7, but finding no more than 35,000 on hand for the occasion.

The Eagles have already played the Detroit Lions at Franklin Field and will meet the Baltimore Colts, H. C. Hevesi, P.A., before the season opens. Virtually all of the two teams' previous games are on television, some live, some taped. This weekend's game will be on both New York and Philadelphia channels on Sunday.

Added to this is the fact that for the first time since the series was launched in 1962, neither of the contending teams is defending champion in the NFL's eastern division. The Eagles, who finished on top in 1961, were tied for third last year with a 6-8 record. The Giants, who won three straight seasons, did all the way to the cellar, where they nursed a 2-10-2 mark.

Who's the Quarterback? For Giants coach Allie Sherman, this is a rebuilding year—the first in three that doesn't have that seen with the New Yorkers without an established quarterback. Tom Landry, Jim Conley or Y. A. Tittle, Sherman believes, that Gary Wood can handle the job, strong enough that the Giants' entire offense is being rebuilt around the Cornell graduate's roll-out, which will runability, but with the start of the season only three weeks away, there is still speculation that the New Yorkers will trade for an established field general.

Wood, who took the Giants

less than 60 yards to a first-quarter touchdown against the Steelers, then sat out the game as rookie Bob Timberlake, who will enter next month at Princeton Theological Seminary, also took over. Although the New Yorkers' offense suffered, timberlake was a markedly better quarterback than when he took over. Wood is expected to resume his opening role Saturday, but if he cannot move the ball, Timmerlake, the 5'5" Michigan alum, will have another shot at it.

Mastering the New York rebuilding process is the best set of running backs to call the Yankee Stadium home in recent years. The return of Joe Morrison has been installed as flanker back in the new offense, while big Ernie Waddell, one of the best pro football players today who never went to college, provides a wealth of power. Unusual depth is provided by Tucker Frederickson, Ernie Stautner, Steve Thurlow and Yale's Chuck Martin, who has won the Giants' field goal kicker. He contributed a 45-yard success in the victory over the Steelers.

Eagles Are Veterans. Considerably more set at most positions, the Eagles have much the same that moved them to the top of the league and beat the Giants twice in regular-season action after losing to them here. King Hill is the defensive end who will team with Norm Snead and the inexperienced Jack Concannon being.

One of the top running backs in the league, speedster Tim Brown, helps make the Eagles' offense work by providing the inside punch. Pete Ratliff, Ray Poage, Ron Goodwin and Ralph Smith are the principal pass receivers.

Now in his second year, coach Joe Paterno increased the Eagles' NFL victories from two to six in his first season, and is looking for more in 1965. Staying with Paterno will provide him with a good measuring stick. If he can't handle the rebuilding Giants, only the bumbling Steelers will keep him out of the cellar. Tickets for the game, priced at \$10, are on sale at the University Store and at the University Store and

TOP TIGERS: Much of the belief that Princeton will again be an Ivy League title contender is based on the extreme ability of Stas Maliszewski (left) and Captain Paul Savidge. Both tremendous two-way players, they are tabbed by Dick Colman as "the finest pair of interior linemen in the East."

Sports In Princeton

Continued from Page 46
tion. Holdovers Bill Berkeley (200) and Jerry Ingram (195)—both juniors—will have competition from sophomore Roger Hughes, a capable 200-pounder who captained last year's freshmen. Big as the quarterback problem is, it is virtually matched by the need to find inside running strength at fullback.

A defensive specialist most of the time for the past two years, Ron Landeck's has the speed and the passing potential to tab him as the number one choice to succeed Don McKay at tailback. He's 6-0 and 180, and can throw the ball as far as any receiver can run in the normal slotted time.

Juniors Dave Martin (6-1, 200) and Lyn Moore (6-3, 192) are other possibilities; Martin

who can also throw the bomb, is a slashing type of runner whose development would be a real gold mine. Sophomore Bob Weber, the best passer among the sophomores, seems destined to ride the bench behind these three.

• Defensive Secondary: The return to eligibility of senior Clint Johnson (5-11, 185) should fill the linebacking job vacated by Iacavazzi. Juniors Ron Grossman (6-1, 190) and Hayward Gipson (5-11, 195) both lettered last year and these three are a sound nucleus for these vital positions.

Another junior, 180-lb. Doug James should lay claim to one of the defensive half-back assignments, pairing with 180-lb. Chuck Merlini, a standout last fall in this position. At safety, junior Martin Eichelberger (175) falls heir to the job vacated by Lynn Sutcliffe.

Unlike the offensive backfield, there is good first-line experience in the defensive secondary but considerable depth will have to be developed.

(Next Week: The Opposition)

ACCELERATOR TRIUMPHS
Wins Title as RCA Loses. A stunning upset by last-place Columbian Carbon over RCA 1, combined with a victory of its own, gave Accelerator the western division title in the Business Softball League, and the chance to meet Engineering Research for the league championship. A two-out-of-three series was scheduled to begin this week at Accelerator's field.

Winner of only four contests previous to this one, Columbian Carbon outlasted RCA 1 in a wild slugfest, 14 to 13. Carbon blew an early six-run lead, and fell behind, 12 to 11, but then scored three runs in the next to last inning to sew up the ball game.

Jim Wiedenhaefer and Dan Pietras led a 17-hit attack for the winners, getting six hits between them, and Wiedenhaefer had a four-bagger. Winning pitcher Ted Cader picked up two hits. Max Hopkins had three hits for RCA, and John Meyer and Wally Reichert hit homers; Reichert's was his tenth of the season.

Apparently feeling no pressure, Accelerator had its biggest game in three years with a tremendous 29 to 3 victory over American Cyanamid. Rick Nielson had five hits including a home run, and Lee Leach also blasted a homer for the winners. The victory was a costly one, however, as Joe McFadden, one of the team's leading hitters, broke his ankle sliding into second base, and will miss the series with ERC.

In a playoff game for second place in the eastern division, Jim Dilworth hurled a fine four-hit shutout as Educational Testing defeated McGraw-Hill Warehouse, 7 to 0. Dilworth was never in trouble, allowing only one runner to reach second base.

ETS wrapped up the game quickly, scoring two in the first and five in the third, with Bruce Dieffenbach getting two hits, scoring two and playing a fine defensive game at first. Both ETS and the Warehouse had won their final games of

Final standings:

EASTERN DIVISION

	W.	L.	Pct.
Eng. Research	13	3	.812
ETS	10	7	.588
McGraw-Hill W.	9	8	.529
RCA 2	7	9	.438
Hopewell TV	3	13	.188
ORC	0	16	.000

WESTERN DIVISION

	W.	L.	Pct.
Accelerator	13	3	.812
RCA 1	12	4	.750
Cyanamid	10	6	.625
RCA Astro	8	8	.500
McGraw-Hill O.	7	9	.438
Col. Carbon	5	11	.313

the regular season by forfeit from RCA 2 and Hopewell TV, respectively. A best-of-three series between ETS and RCA 1 was set for this week.

In other final games, eastern

division champion ERC warmed up for its series with Accelerator with a 7 to 1 victory over winless Opinion Research. Jeff Gage had three hits, Mart Zebrowski a three-run homer, and Ross Morrone and Roger Cole two hits apiece for the winners. McGraw-Hill Office won its final game with a 4 to 2 win over RCA Astro.

ROCKY HILL BEATS NINI
Meets Conover in Finals. Rocky Hill and Nassau Conover, which finished first and second in the regular season, have advanced to the final round of the Adult Softball League championship. In the semi-finals, Conover edged Cenerino's two games to one, and Rocky Hill took two straight from Nini Plymouth. Cenerino's won the first game from Conover, 8 to 7. —Continued on Page 49

**Our
definition
of a
custom
home in
Princeton**

It is a home that reflects your taste
and requirements completely. It is a
home that reflects the finest traditions
of Princeton completely. It is a home
that enjoys the beauty of the woods, and
the convenience of all city utilities.
It is a home built by Princeton's most
successful custom builders.

In other words, it is one of the 19
homes of Balcort, to be custom built
by Sandean Construction, Inc.

Show us your plans, or tell us your
requirements and we will design for you.

Minimum plot size: 1 1/2 acres
